University of Calgary Student Nurses: *"We were so happy to spend our week in the 1/2 classrooms teaching proper hand-washing. It was so much fun! We got to see how each of the classrooms were organized and we were very impressed. The grade one and twos were very well-behaved and were very knowledgeable already about germs and the benefits of hand-washing. We focused on behaviours the children tended to do, such as put pencils and fingers into their mouth. We are looking forward to spending some more time in the school finishing off hand-washing with the third 1/2 class, and also developing a nutrition plan for a grade 3/4 class to present next week."*

Springbank High School Announcement: Gr. 9 Phoenix Challenge

Springbank Community High School is moving to cohort our incoming grade 9 classes next year in order to support students and provide more of a transitional support system as students move from middle school to high school. As part of this endeavor, we are also planning a series of week long, cross-curricular learning opportunities that will take place in late September or October. All grade 9 students will have the opportunity to participate in one of the five experiences. In answering the guiding question, "How can we learn from our past to

better understand the present and serve the future?", and in conjunction with celebrating Canada's 150th Birthday, we are planning three different field trip venues that students can participate in. The first is a trip to Halifax, the second is a trip to the mountain environment, and the third is a series of field trips to venues in and around Calgary. The purpose of the field trips is anchor the learning experiences and provide unique activities that will guide our students' learning as they investigate the guiding question and to draw on these experiences as students journey through the various curricula throughout the remainder of the year. We hope to provide many authentic and real world learning activities that will promote student engagement but also to give students to investigate unique areas of Canada and broaden their understanding of "our own back yard".

Greetings from the University of Calgary student nurses! The eight of us: Kelsey, Jackie, Taylor, Zarif, Josh, Alex, Megan, and Shannon would like to share with you what we have been active in this week and to clarify our purpose within the community. We have been working with community members to identify how factors such as physical environment, recreation and leisure, communication, and health & social services are related to health in Bragg Creek and Area. Over the coming weeks we will work with Banded Peak students, staff, and the larger community to determine the community strengths that protect your health and stressors that could threaten health and wellness. We hope to work with Banded Peak students, staff, and parents to implement ideas that positively effect your health. For example, Banded Peak integrates health and wellness into student life very well. Programs such as Ever Active schools, comprehensive school health, the integration of the outdoors with learning, between grade interactions, numerous student clubs, and appropriate student support are strengths. Right now we are engaging with the community to see how we can build on these strengths and will keep you informed on our activities on a weekly basis.

Our group is in the community all day Monday and Tuesday afternoons. We encourage you to contact us with any questions or opinions you may have. Please email our instructor Shannon Parker at parkers@ucalgary.ca for more information.

Learning Commons Update

The month of February is a terrific opportunity for children to learn to “fall in love with a good book.” The Learning Commons has a great selection of books to meet every child's preferences as well as the ability to order books, for our collection, based on student suggestions. Student literacy is also promoted through special events, two of which will take place this month. The Scholastic Book Fair will be held during the week of February 13th. The hours of operation will be Tuesday to Thursday during noon hours and Wednesday and Thursday 3:00 until 7:00 pm. World Read Aloud Day is on Thursday, February 16th. More information can be found at <http://www.litworld.org/wrad/>. On that day we will be treated to two whole-school read alouds from Mr. Pols and Mrs. Magee! Wishing everyone a month of love and literacy – happy reading everyone!

University of Calgary Partnership

Banded Peak is pleased to inform our community that we will be working in partnership with the University of Calgary's Nursing Department for the coming months. Students from the program will be engaged in their community health practicum. An excerpt for the University describing their program follows:

“Our learning during this practicum focuses on gaining a broad perspective about public health, and enhancing understanding of community development, health promotion, and intersectional collaboration. We will be building practice and leadership capacity and further developing our appreciation of the role and full scope of practice of registered nurses within community health”

As part of their work with Banded Peak and Bragg Creek, nursing students will be working to identify and address a health priority(s) in our community/school.

Collaborative Conferences Food Sign-up

Dear Families of Banded Peak School,

Our second and final set of Collaborative Conferences will be on February 15 & 16. These days and those leading up to them are extremely busy for our school's teachers and staff. In particular, on the days of the Conferences our teachers work from 8:00am until at least 8:00pm with very little time to break and no opportunity to go home for a hot supper.

It has been a long standing tradition at Banded Peak School for parents to volunteer food items for our amazing teachers and staff on these evenings so they can enjoy a hot meal between talking to all of us about our incredible kids. It is a very easy volunteer opportunity and I know how immensely it is appreciated by teachers and staff.

Please find attached a link to Sign Up Genius where you will find more information on how to volunteer and what food items are appreciated.
